ENGINEERED PRODUCTS

With 70+ years of experience, Mazzella designs and builds custom overhead cranes, below-the-hook devices, and lifting equipment engineered for safety, compliance, and performance.

- **Overhead Cranes**: From light-duty to large-capacity (150+ tons), Class A-F.
- **Custom Below-the-Hook Devices**: Compliant with ASME BTH-1 and ASME B30.20.
- **Electrical & Welding Expertise**: In-house control engineering and AWS-certified welders.
- **No-Touch® Electrode Handling Systems**: Patented, remote-controlled solutions for safer, more efficient operations.
- **Fall Protection Systems**: Engineered lifeline systems, harnesses, lanyards, and more.

LIFTING & RIGGING

Mazzella offers one of the largest and most diverse inventories of lifting and rigging gear in the industry from premium wire rope and slings to hoists, hardware, and custom assemblies.

- **Massive Inventory**: Wire rope, rigging hardware, tie-downs, hoists, pullers, and more.
- **Quick Turnaround**: Most stocked items ship within 24 hours.
- **Sling Manufacturing**: Including Mazzella 7-Part® wire rope slings and Twin-Path® high-performance roundslings.
- **Custom Assemblies**: OEM cables, crane cables, multi-leg slings, bridge cables—with custom or standard end fittings.
- **Rigging Brands You Trust**: Full access to top names in the industry, including Crosby, CM, Harrington, Bridon, Van Beest, and more!
