

# MATERIAL HANDLING PRODUCTS & SERVICES FOR RAILROAD INDUSTRY

## WE PROVIDE THE FOLLOWING SERVICES FOR THE RAILROAD INDUSTRY:

### OVERHEAD CRANE INSPECTIONS / SERVICE

Overhead crane inspections, hoist inspections, and preventative maintenance programs to keep your lifting and rigging operations safe. Get access to our 24/7 crane service team.

### LIFTING & RIGGING INSPECTIONS / REPAIR

Our team of rigging inspectors are certified to make sure your products meet FRA, OSHA, and ASME requirements.

### FALL PROTECTION INSPECTIONS / SERVICE

Whether it's mobile, enclosed track, or lifeline systems, we can inspect any fall protection system used in your railyards or maintenance shops.

### DROP / TURN / TRANSFER TABLE INSPECTIONS / REPAIR

We offer inspections and repairs for any existing turntables, transfer tables, and drop tables. After the inspection, you will receive a report that you can keep on file for compliance requirements.

### ACHIEVE PEACE OF MIND WITH YOUR RAILROAD MATERIAL HANDLING NEEDS:

- Stay on top of tight deadlines
- Improve worker safety and productivity
- Get unbiased inspections and training
